

# HURCO® CHRISTMAS OPEN HOUSE

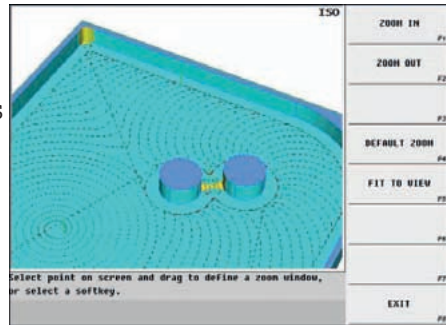

Enhance your programming experience.  
A chance to catch-up on the latest WinMax software features.

**Tuesday 9th to Thursday 11th December 2014  
9.00am-5.00pm Lunch and refreshments provided**

## Adaptipath

Controls cutter engagement when machining pockets. Includes rest machining. Cuts parts faster with extended tool life. Part of the new Ultipocket option.

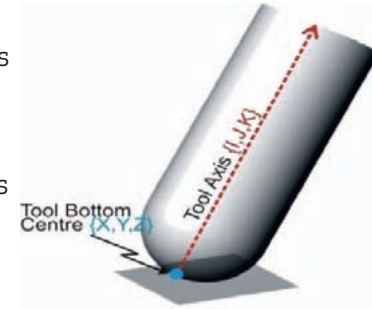

## Ultimotion

High-speed machining software. Allows the machine to run faster and smoother. Up to 50% time savings have been reported for complex 3D forms.

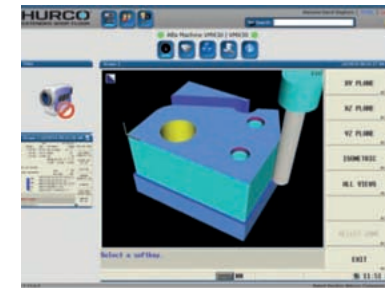

## Universal rotary

Once the program is written, it can be moved to other 5 axis machines without editing, regardless of machine configuration. Makes the application of cutter compensation for 5 axis work far simpler.

## ESF Extended Shop Floor

Included as part of the Ultinet/Ultimonitor option. Check the progress of a particular job remotely via the internet. Includes remote diagnostic support capability.

**NOW IS A GREAT TIME TO INVEST IN NEW MACHINERY. RGF FUNDING IS AVAILABLE FOR ALL REGIONS OF ENGLAND. PLUS, AN EXCEPTIONAL £500,000 CAPITAL ALLOWANCE IS AVAILABLE FOR THIS YEAR. IF YOU ARE MAKING A PROFIT MAKE SURE THAT YOU PAY AS LITTLE TAX AS POSSIBLE THROUGH INCREASED CAPITAL INVESTMENT.**
